YOUR STRATEGY PACK

Start here.

Open **1_Strategy/u9_launch_roadmap_render.html** first. It is a visual timeline of everything you need to do and when, and takes two minutes to scan. Then read **1_Strategy/U1_diagnostic_report.pdf**: it explains *why* those actions were chosen for your specific situation, what your primary bottleneck is, and in what order to tackle it. Everything else in this archive is the *how*: detailed playbooks you'll pull up when each step comes.

Treat this as a first draft of your strategy. Share any document with a marketing professional or an AI assistant to refine it further. The direction is set; you adjust the details as you go.
